BACKGROUND AND EXPERIENCE

1. Please briefly present the partner organisation.*

SIR is a non-governmental association based in Kraków, Poland, founded in december 2003, composed of about 40 members and numerous supporters, which deals with:

- education activities (education projects in schools and on an extra-schools basis throughout a non- formal education method focused on active citizenship, European conscience, against racism and xenophobia, human rights principles);
- cultural events (conference, seminars, cineforum, concerts, art exhibitions);
- intercultural activities (programmes and projects of youth mobility, education on international topics, promotion of different cultures in Poland and abroad, welcome activities of tourists and foreigners, promotion of Youth in Action Programme);
- Territorial promotion (promotion of its typical aspects, its artists, tourism, sport activities)

2. What are the activities and experience of the organisation in the areas relevant for this application?*

The mission of education activities consists of providing non-formal education opportunities for young people involving as many as possible, and trying always to involve others that have never participated before. Our aim is to help youngsters develop their transversal competences (life skills) by using non-formal learning tools. We try to educate youngsters to a peaceful cohabitation with people coming from different cultures, countries and social conditions by giving them the opportunity to confront themselves with others in an intercultural environment which stimulates the development of a social conscience. Youngsters can experience themselves in a perfect environment to socialize with other people from different countries and get to know different cultures and tradition.

We have a vast experience in organising youth exchanges and youth worker trainings so we could bring in and share our knowledge and also learn more from others. In this project, as a sending organisation, we are active in preparations on all stages of the project and the participants guarantee full and active participation in all activities and later dissemination of project results.

3. Please give information on the key staff/persons involved in this application and on the competences and previous experience that they will bring to the project.*
