Background and experience

Please briefly present the organisation.

Podjetniška akademija is a non-governmental organization whose main goal is supporting young generation of future entrepreneurs. Every year we organize a Youth entrepreneur camp for all Slovenian teens. We also cooperate with Schools in which we organize various entrepreneurial content and activities. We regularly cooperate with different successful companies, which support us with their knowledge and experience we then pass to young people.

What are the activities and experience of the organisation in the areas relevant for this application?

Youth entrepreneur camp

Yearly (since 2019) we organise Youth entrepreneur camp, where we have over 60 teens that come from all over Slovenia. Over four days, our participants go over different soft skills and workshops about Entrepreneurship. Youth usually start the Camp with only the idea. In four days, they turn an idea into a Pitch on the main stage. Through that experience, they are learning about soft skills, the Canvass model, preparing Prototypes, researching market fit, pitching, and other Entrepreneur topics, but the main goal is to make their first business deal. Besides the heavy schedule, we don't forget to play Computer games and enjoy each other's company.

Schools workshops

We organize different Entrepreneur workshops that span from 6 to 24 hours. We are cooperating with 13 schools in Slovenia and we have educated over 200 teens.

Academy of Entrepreneurship

30 teens are currently attending our classes which are taking place side by side in two major cities. Our program consists of 16 classes, starting with soft skills and ending with a fully functioning business idea.

Please give information on the key staff/persons involved in this application and on the competences and previous experience that they will bring to the project.
